

DESCRIPTION

Car smartphone holder with wireless charging power up to 15 W and two interchangeable mounting options. One mount features a mechanical clamp for mounting on the air vent, while the other uses a suction cup for mounting on the windscreen and includes an extendable arm for optimal positioning. The rotating mechanism allows for easy adjustment of the position of the holder. Compatible with all devices that support wireless charging, providing a secure fit thanks to automatic side adjustment. Also includes a manual adjustment at the bottom to keep the smartphone at the ideal height. Presentation in design box.
