

BENZA MO1154

DESCRIPTION

The RPET 300D executive backpack in recycled polyester with a vigore design is the perfect companion for professionals on the move. With its elegant and functional design, this backpack gives you style and practicality at the same time. Made of RPET 300D recycled polyester, this backpack is a sustainable choice that contributes to the protection of the environment. Its vigore design adds a touch of modernity and sophistication. The backpack features a spacious main compartment, specifically designed to accommodate laptops or tablets of up to 12". It also has additional pockets to organize your belongings, such as documents, notepads, pens, among others. Comfort is a priority, so this business backpack has adjustable and padded straps, which allow it to be worn comfortably on your back throughout the day. It also features a sturdy carry handle for added versatility. Whether you're heading to work, meetings, or business trips, this recycled polyester business backpack gives you the perfect blend of style, functionality, and environmental awareness. Choose a responsible and modern option to carry your belongings in style and care for the planet.
