

VOLPEX MO1155

DESCRIPTION

The document backpack made of 300D RPET recycled polyester with a vigore design is the perfect choice for those looking for a balance between style, functionality and sustainability. Made from recycled materials, this backpack is an environmentally friendly option. The main backpack pocket is padded, providing safe and comfortable protection for your 13" laptop or tablet. In addition, it has a handy USB port to connect your power bank (not included), allowing you to charge your electronic devices on the go. The handles and back of the backpack are padded, providing optimal comfort throughout the day, even when carrying heavy loads. The trolley strap gives you the option of attaching the backpack to your wheeled suitcase, making it easier to get around airports and stations. With its vigore design, this backpack combines style and versatility. Whether for work, meetings or travel, this briefcase backpack gives you the space and functionality you need to take everything you need with you. Choose the 300D RPET recycled polyester backpack with a vigore design and carry your belongings in style while contributing to the protection of the environment.
