

DIXON MO1237

DESCRIPTION

The PU Leather Executive Backpack is the perfect accessory for professionals on the go. Its elegant and functional design provides a combination of style and practicality to meet all your needs. The backpack's padded body and inner pocket are designed to provide optimal protection for your 13" laptop or tablet, keeping them safe and scratch-free on the go. In addition, it has an outer pocket with a waterproof zip and a reflective band, which adds an additional element of security and protection against rain. With its double compartment and side pockets, this backpack allows you to organize your belongings efficiently, whether it's documents, electronic devices, water bottles or other indispensable accessories. Padded handles and back provide all-day comfort, even when carrying heavy loads. In addition, the PU business backpack features a trolley strap, making it easy to carry in combination with a wheeled suitcase when you're on the go. Whether going to work, business meetings or on business trips, this PU Leather executive backpack gives you style and functionality at every step. Keep your belongings safe, organized and protected with this backpack designed for demanding professionals.
