

DESCRIPTION

The presentation box designed for gifts is an ideal option for packaging and presenting your gifts in an attractive and sustainable way. It is made of recycled corrugated cardboard, which makes it an environmentally friendly choice. The measures of the box are 16x8.5x15 cm, which makes it suitable to accommodate a variety of gifts, such as small objects, handicrafts, and jewellery, among others. The corrugated structure of the cardboard provides additional strength and protection to the contents, ensuring that they arrive in optimal conditions. The presentation box has a practical and versatile design, with flaps and tabs that fold and fit securely to keep gifts in place. In addition, its finish in recycled corrugated cardboard gives it a rustic and natural look, providing a unique and original presentation. The assembly of the box is simple and quick, which makes it easy to use. You can customize it by adding ribbons, labels or even painting it to suit the style and theme of your gift. In addition, being made of recycled cardboard demonstrates your commitment to the environment and encourages sustainable practices.
