About PowerBank

Specification

Enclosure Material:
ABS+Silica Cable+Aluminium
Measurements:108*62.8*7.8MM
Input:Dc5V 1500mA
Output:Dc5V 2100mA(max)

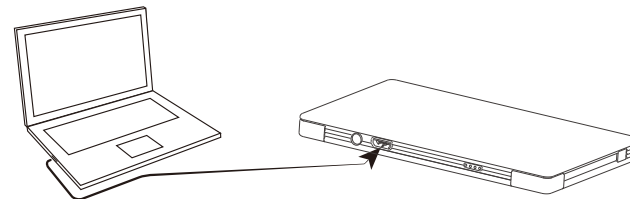

Working temperature:0°C--45°C
Battery Type:Li-ion battery
Product N.W: 80 g

- 1 Micro USB OutPort DC-5V 2.1A(max)
- 2 Power Key
- 3 Micro USB In Port DC-5V 1.0A
- 4 Guiding 4LED
- 5 Lightning OutPort DC-5V 2.1A(max)

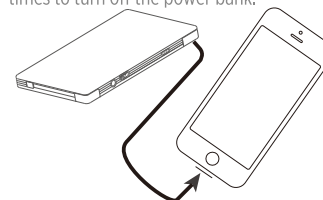

How To Use IT

Charge Your PowerBank

Use the provided charging cable to connect the power bank with an adapter or computer USB port for charging.

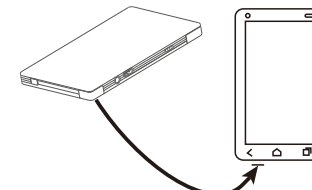

Connect the lightning cable with the iPhone 5/5s/6/6s/6 plus/iPad to charge your iOS devices. Press the power key 1 time to turn on the power bank and press the power key 2 times to turn off the power bank.

For iPhone 5/5s/6/6s/6 plus and iPads (Lightning plug)

Connect the micro USB cable with the Android smart phones and pads to charge your Android devices. Press the power key 1 time to turn on the power bank and press the power key 2 times to turn off the power bank.

For Android smart phones and pads (Micro USB plug)

Charge Your Device

Warning

For the safety, please read the user guide book carefully before operating the product. Improper use of the Li-polymer batteries may be dangerous and cause overheating, explosion, fire...etc.

- * Keep the power bank away from flammable substances and sunlight.
- * Do not expose the power bank to rain or water.
- * Do not attempt to disassemble the power bank.
- * At the end of the useful life, please recycle the power bank.
